

## Special Laboratory for Multifunctional Nanomaterials (SLMN)

P G Department of Physics

National Institute of Technology Srinagar

Hazratbal-Srinagar (190006), Jammu & Kashmir, India

### 7 Oaths to Work in Laboratory

**Before entering to the laboratory, please take oath as:**

1. I will work with integrity and honesty and will report every day in time. I will not sit idle and will always remember the importance of time in laboratory. I will treat it as a scared place and will **work for the betterment of humanity**.
2. **I will never ever** lie what may come, as it is a big crime and will not cheat/manipulate scientific results. I will report and present my work on weekends whatever, even if it is a wrong result and will discuss in our group.
3. I will always be **obedient and grateful**, as gratitude and obedience is the sign of noble souls. I will give credit where credit is due and acknowledge people who support.
4. I will treat lab members as **my teammates** and will create a collaborative environment within laboratory and outside. I believe that collaboration is winning.
5. I will promote the professional development of my lab members irrespective of cast, color, creed and creation. I will develop a habit of **self accountability**.
6. I will maintain a Lab note book, will record everything without exaggeration and will get it checked once in a week by my guide. I will work with **diligence and courage** to achieve success and will enjoy the success of others.
7. I will follow all the **safety information** given about each experiment before starting the experiment. If I fail to be governed by the Safety Regulations I will be subjected to disciplinary action and will not object for removal from the laboratory and course.

**I hereby swear that I will uphold the rule of law and oath given to me for the Special Laboratory for Multifunctional Nanomaterials to achieve success in my life.**
