

NATIONAL INSTITUTE OF TECHNOLOGY SRINAGAR

Certificate of Appreciation

*This certificate is presented to
Dr. Shah Mohammad Ashraf Shah*

It is my privilege and honour to put on record my appreciation for the high caliber work rendered by Dr. Shah Mohammad Ashraf, the Convener of INSPIRE Internship Programmes of Department of Science and Technology, New Delhi. I have noted in him the sincerity and dedication throughout the programme and adopted an audacious approach for the successful completion of the event. He displayed unique leadership qualities of taking all concerned people along and made INSPIRE 2013 as a memorable time for participants and organizers alike. He galvanized best possible human resource for the programme and ignited sparks of passions in our budding young scientists including students from far flung areas.

Dr. Shah honestly, sincerely and selflessly worked for seeing INSPIRE 2013 as a great success. I thank him for all the support and wonderful organization of the programme. He has a bright future in front of him.
