Dr.M.A.Shah has been working in the Department of Physics, National Institute of Technology, Srinagar since April 2000. Being a teacher with a strong commitment to excel in academic work, research by utilizing the most out of the existing facilities available in the Institute he has formulated projects for various funding agencies including the World Bank. Presently he is engaged in setting up a sophisticated instrumentation centre aided by the World Bank which will cater the needs of the whole region.

I wish him a bright future.
